Facts in Nature

FOR centuries 't has been known that Nature's most valuable health giving agents for the cure of disease are found in our American forests.

Over forty years ago Dr. R. V. Piarce, chief consulting physician to the Invalide'
Hotel and Surgical Institute at Buffalo, N.Y., used the powdered extracts as well as
the liquid extracts of native medicinal plants, such as Bloodroot and Queen's root,
Goldon Seal and Stone root, Cherry bark and Mandrake, for the cure of blood
diseases. This prescription as put up in liquid form was called

DR. PIERCE'S

Golden Medical Discovery

and has enjoyed a large sale for all these years in every drug store in the land. You can now obtain the powdered extract in sugar-coated tablet form of your medicine dealer, or send 50c in one-cent postage stamps for trial box to Dr. Pierce's Invalids' Hotel, Buffalo, N.Y., and tablets will be mailed, postage prepaid.

The "Golden Medical Discovery" makes rich, red blood, invigorates the stomach, liver and howels and through them the whole system. Skin affections, blotches, boils, pimples and eruptions—result of bad blood—are eradicated by this alterative extract—as thousands have testified.

Send 31 one-cent stamps to pay cost of mailing only on a free copy of Dr. Pierce's Common Sense Medical Adviser, 1008 pages, clothbound ADDRESS DR. R. V. PIERCE, BUFFALO, N. Y.

### Local Securities

John C Cutler, Jr., and Co, say in their weekly trade letter:
There is an excellent holiday trade all over the United States. The mercantile houses report that the volume of business in nearly all lines for 1912 has shown quite an increase over previous years, and manufacturers are making preparations for another active season for next year.

tions for another active season for next year.

Locally, a brisk holiday trade has developed. Colder weather has stimulated business in all seasonable lines. Collections are fair and improving in all sections of the state. Money is in fair demand and supply at the banks. Business activity is well sustained and optimism is manifest and expressed in financial and commercial circles in regard to the outlook for the coming new year.

The sugar factories are now closing a very successful run on a satisfactory production of sugar, with encouraging prospects for 1913. The Nampa factory will be removed to Spanish Fork, and the site for the new factory to be erected at Payson was purchased this week. The last nayments for this season's beets will soon be distributed. Utah-idaho Sugar Co. stock has been in excellent demand during the week with several hundred shares changing hands at \$8.85, \$8.90 and \$8.9e, and ended with the closing of the books for the dividend at \$9.05 per share, the highest figure it has reached for several years.
